## Win A Terrailon Bathroom Scale

There are **35 days** left to enter!

5 prizes to be won!

R-Link is the thinnest scale in the world. A mere 12.5mm in height, it was designed with essential features to help users track weight-loss. Thanks to Terrailon's BodySense technology, the scale analyses your weight, BMI and your body composition (body fat, muscle mass, body water and bone mass). The R-Link is especially useful when you want to track your weight in order to lose the bad kilos while maintaining muscle mass. Through its Bluetooth function, it automatically synchronises the collected data with the free Wellness Coach app available on iOS and Android. The app allows you to monitor your progress and get free scientific advice to reach your goals.

This smart scale is ideal for families as it can be connected with up to 8 smartphones or tablets simultaneously! The R-Link features a large glass platform (302 x 302 mm) and a clear LCD screen display. £99.99
