Terraillon Electronic Bathroom Scales digital and mechanical

Terraillon Electronic Bathroom Scale is both mechanical and digital scales. The display is dual (mechanical and digital) and made to work best in the bathroom for clear viewing. The material it is made of is purely glass and weighs 1.62 kg. The batteries used are 3AAA that you purchase separately. The surface has a large platform that enables all kind of weights to be placed up on it. It can weigh up to 180kg/28 st with a 100g addition. The design resembles a speedometer.

The screen display is big and the readings (2.7 cm digits) automatically light up a blue backlight. The scale gives accurate weight monitoring readings. Continuous weighing at a particular time makes the scale get accustomed to the weighing time and an alarm sounds whenever the time to weigh reaches. This is ranked among the best digital bathroom scales although it has both mechanical and digital functions

- ✓ Accurate scales
- ✓ Works best on a hard floor and in the bathrooms
- ✓ Big screen for easier readings

Cons

- ⚠ It is so hard to find any fault in it

Terraillon Electronic Bathroom Scales

In the bathroom scales reviews, this type of [Terraillon](#) electronic machine has been found to be the best in its functionality. Aside from measuring the body weight, these scales also analyze the whole body's components and it's also called BMI scales. The technology applied is tetra polar (four electrodes). It has 8 different individual memories such that when a registered user uses, it automatically detects and provides systematic results. The settings includes five physical activity and an athlete mode. The screen displays big backlight on the LCD screen and is visible clearly.

This digital bathroom scale can carry up to a maximum of 150 kgs. The machine itself weighs 1900 grams. It uses 2 CR2032 batteries that comes with the machine. It is made of both steel and glass. The R-Coach element incorporated is responsible for the body's calorie count. The whole scale looks so stylish and can be used in the bathroom without any problem. In fact, it looks good when placed on the bathroom floor. It is ranked among the best body fat scales.

Pros

- ✓ Sits perfectly in the bathroom
- ✓ Has a beautiful design
- ✓ Works just like the boditrax in the gym
- ✓ Can be used both at home and professionally
- ✓ Easier to use
- ✓ Supports up to 8 user memory
- ✓ It is very accurate

Cons

- ⚠ From the majority of the reviews online, it is hard to think of something negative about the Terraillon Electronic Bathroom Scales. However, there are a few users who have a problem with its price claiming that it's not pocket-friendly.
